

2022 Summer Assignments

Dear Parent,

We are pleased to tell you that your child's summer learning assignment will include IXL. IXL is a comprehensive learning program offering unlimited math and language arts practice problems in thousands of skills.

Your child has been assigned a list with **10 math and 10 language arts** skills to practice on IXL this summer. Please help them keep track of their progress by filling out the attached **Assignment Tracker**, each time they practice. Your child has the freedom to work at his or her own pace, but it is required that they practice for a **minimum of 15 minutes a day**.

To get your child started on your home computer, please follow these easy steps:

1. Go to <https://www.IXL.com>
2. Enter your child's username and password in the upper right corner and click the button to sign in.
3. Click on the name of the subject you'd like to work on at the top of the page and navigate to your child's grade level.
4. Select a specific skill to practice from the list of skills. Please refer to your child's assignment tracker for the list of recommended skills.

If you notice your child is struggling on an assigned skill, try having them practice the supporting skills which accompany that skill. Typically, these are the skills listed before the concept they're currently attempting. You can use the **Trouble Spots Report** and **Question Log** to see how they are performing.

IXL is an adaptive program that will adjust based on your child's demonstrated understanding of the material. All of your child's results are automatically saved, so they can practice from any device with an internet connection. For on-the-go practice, you can download IXL's free tablet apps for the iPad, Android, or Kindle and sign in with your child's username and password.

We hope you will encourage your rising 1st grader to use IXL regularly this summer! Please return your completed Assignment Trackers to your Kindergarten teacher at the beginning of the 2022-2023 school year. We look forward to seeing you in the fall!

Sincerely,

Kathleen Greene, Maura Walsh-Rogan and Haley Williams
